- The hemorrhoid is external, clean the area with astringent like Cranesbill as well as Aloe Vera.
- Use these in order to moisten a towel or toilet paper and gently damp it around this area.
- Then place an icepack for several minutes to be able to sooth the pain that you are feeling.
- Doing this at least three times a day would help heal the wound fast.

## Increase the Fiber Intake Into At Least 25 Grams a Day

Fiber will be a natural ingredient that you will find in most fruits and vegetables that's needed in loosening your bowel movements. This will make it a lot easier for you to move your stools with the least amount of pressure.

- To avoid straining, try squatting in the bathroom by sitting on top of it.
- This can be a more favorable position when having a bowel movement and it is graded high among the tips on how to get rid of hemorrhoids.

*“ Take vitamin supplements like Horse-chestnut and bioflavonoids to avoid further inflammation and to strengthen the actual veins affected by hemorrhoids. These supplements will make sure that your condition doesn't escalate into a more severe one.*
